

SEO Settings

Website Content Version 1.0 Updated 8 September 2026

Set your meta title, description, keywords, and social share image.

SEO Settings

Meta Title

The title shown in Google results. Keep it under 60 characters.

Meta Description

Shown under the title in Google. Keep it under 160 characters.

Keywords

Optional. Add 5-10 keywords relevant to your business.

Open Graph Image

The image shown when your site is shared on WhatsApp, Facebook, or LinkedIn. Recommended 1200x630 px.

Favicon

The small icon in the browser tab. Same as in Brand Settings.

Why SEO matters

Good SEO helps people find you on Google without paying for ads. Fill in these fields carefully - they take minutes but pay off for years.
